

New: At Windrush School
1800 Elm Street
El Cerrito, Ca. 94530
Fall Schedule 2011

Directed by Michael Glass and established in 1982.

Come join us this fall at our **New Location**. Kids' Carpentry is a year-round enrichment program designed to teach girls and boys, **grades kindergarten-7th grades**, the safe-use of hand tools and general woodworking skills. Through a sequence of projects, the young carpenters gain the skill and competence to complete increasingly more complicated projects. From boats to bird feeders, doll furniture, clocks, games, airplanes, and many more, the kids have a wide range of projects to choose from besides designing and building according to their own needs and imagination for the veteran carpenter.

In addition to the fun kids have they also gain quality experiences in measuring, applied math (including fractions), problem-solving, craftsmanship, and empowered by the hands-on experience.

Carpentry classes are taught with one teacher for every eight students, ensuring careful attention and respect for each child. Since class sizes are limited, prompt enrollment is strongly recommended.

Monday Program : (6-week program)

Session 1. September 12-October 24
 (9/12, 19, 26, 10/3, 17, 24)

Session 2. November 7-December 12
