*April 7, 14, 21, 28*

*May 5, 12, 19, 26*

*June 2, 9*

### Permanent Stackable Boxes for 09-10:

With the dream of creating perfect order on pick up days, we ask subscribers to pay a one-time \$15 Farm Stand participation fee to cover the cost of a permanent box. After several years of stacking and recycling wet, dirty paper boxes, we are moving to a solution we believe will benefit the Farm Stand program. We will only collect this fee once no matter how many years you subscribe and we hope the box you purchase will still be around when your grandchildren are stacking Farm Stand boxes! These boxes will be packed with delicious goods and we ask families to bring a bag to transfer at pick up. We will also provide a few empty paper boxes for transfer. "What if I just take the box and promise to bring it back," you may be thinking? These boxes will be so tempting to use around the house, we don't recommend it. They are also expensive so we don't want to buy more.

Empty permanent boxes will nest neatly in one corner of the shed and subscribers will be able to easily find their box. Though we generally don't support the use of plastics, in this case they might just outlast us!
