

**WINDRUSH SCHOOL
WALKING FIELD TRIP
PERMISSION SLIP
for the year 2004-2005**

Dear Parents,

During the year a class may want to take walking field trips in the area around the school. These trips may enrich the curriculum or may be just fun in nature. Rather than send a permission form home for each of these walks, this form, will serve as a general permission form for the entire year. Notification for each trip will be given either through class newsletters or through the weekly Bulletin in the Thursday packet issued by the office.

My child _____ has my permission to participate in Windrush School walking field trips throughout the school year. I understand notification will be provided prior to each event either in the class newsletter or in the weekly Parent Bulletin issued by the office.
